WINTER STORM - PARKING BAN INFO

NORWICH - The Norwich Police Department reminds residents, visitors, and motorists that the City of Norwich **Traffic Regulation (Sec.# 9.82) prohibits parking on the odd side** of all city streets during winter snow storms and the subsequent snow removal operations by the Public Works and Connecticut DOT Highway maintenance crews.

The narrowness of certain city streets requires that no parking be allowed on either side of the street (see attached list – page 2) in order to allow for safe and efficient snow removal operation by the highway maintenance personnel.

Vehicles found in violation of the winter storm-parking ban may be **towed at the owner's expense**. Owners of vehicles violating the snow emergency parking ban are subject to a **\$25.00 fine**, as well as the towing expense.

Property owners and occupants are reminded that they are required by City Ordinance (Sec. 19-1 and 19-2) to remove (or sand) all snow, sleet, or ice from the **sidewalks** abutting their property within **Twelve (12) hours** of the storm or within **Six (6) hours** after sunrise if the storm had occurred overnight .

The Police and Public Works Departments are requesting the **cooperation of the public** with the parking ban during winter storm emergencies so that the snow can be safely and effectively removed from our streets and highways making travel safer for all.

(continued – page 2)

Under the provisions of the snow emergency regulations, it is **unlawful** during any snow emergency for the registered owner or lessee of any vehicle to park on **EITHER SIDE** of the following streets:

- a. Old Cemetery Lane
- b. North Cliff Street
- c. Shetucket Avenue
- d. Terrace Avenue
- e. Fourth Street, from Prospect Street to Gilmour Street
- f. Fifth Street, from Prospect Street to Page Street
- g. Lake Street
- h. Pond Street
- i. Freeman Avenue
- j. Boswell Avenue, from Lake Street to Arnold Street
- k. Sunnyside Avenue (Laurel Hill section)
- l. Fairmont Street, from West Main Street to Pearl
- m. Carter Avenue
- n. Fountain Street, from #16 to School Street
- o. Summer Street
- p. Center Street
- q. Quarry Street
