G Review Board Compensation Structure

Mr. Meisinger explained that this discussion is related to the conduct of Board and Committee meetings being held virtually (rather than in-person) solely due to the pandemic. Meetings have been conducted via Zoom and telephonically since mid-March of 2020. Question arose as to how Board Member compensation (for those Board Members who are eligible for compensation from CMEEEC) would be treated given these new circumstances.

Ms. Kipnis explained that the resolutions addressing compensation for Board Member participation at Board and Committee meetings were not drafted to address the need to hold meetings “virtually” due to a pandemic. The term “electronic participation” was used which carried with it a different rate of compensation. Mr. Meisinger then walked the Committee through the evolution of the most recent resolutions addressing this topic.

After discussion, the Committee agreed that compensation for Zoom participation at Board and Committee meetings for 2020 would be the same as that for in-person participation. The Committee also agreed to consider re-visiting this topic to address whether there is a need to create additional categories of compensation based upon method of participation, distance traveled to participate in-person, and other potentially relevant factors.

I CEO Compensation and Incentive Plan

Mr. Meisinger explained that when he was hired as CEO, no incentive plan or salary adjustment strategy was in place. Instead, an incentive plan and salary adjustment parameters were to be developed through the Strategic Plan process during 2020, but the timing of development of the Strategic Plan was delayed due to Covid. Mr. Meisinger further explained that an incentive plan and salary adjustment placeholder language was included in the CEO employment agreement, but it was not meant to serve as a long-term structure for CEO compensation. He stated that a more robust and defined incentive plan will be created in 2021, in conjunction with other initiatives that arose out of the Strategic Plan.

After lengthy discussion related to the conduct of an effective evaluation of the CEO, the Committee agreed that for purposes of 2020, Mr. Meisinger will provide a self-assessment of performance and accomplishments for the past year to the Committee and to any Board officers who are not members of this Committee but were involved in the hiring process of the CEO in 2019 and 2020. The Committee also agreed that members holding the office of the Chair of the Board of Directors in 2019 and 2020, along with other members involved in the hiring process, will be invited to confer to determine expectations of the CEO to help in the development of an appropriate salary adjustment and incentive based on 2020 performance and accomplishments.

Committee Chair Huth stated that the materials will be needed prior to this Committee's meeting in February so that a recommendation for 2020 can be brought to the Board at the February Board meeting.

The Committee also agreed to work with Mr. Meisinger to establish a long-term CEO compensation and incentive plan to be used for 2021 and beyond, subject to Board approval.

I Staff Incentive Plan

Chair Huth explained that a staff incentive plan should be recommended by the CEO which would then be reviewed by this Committee. The Committee agreed that this Committee will await Mr. Meisinger's proposed staff incentive plan.

J Other Business

There being no further business to come before this Committee, Chair Huth entertained a motion to adjourn.

A motion was made by Committee Member Dawn DelGreco, seconded by Committee Member Demicco to adjourn the meeting.

Motion passed unanimously.

The meeting was adjourned at 2:51 p.m.
