#### **I. Public Meeting**

The public meeting was convened at 5:40 pm. The order of COA presentations and discussions are at the discretion of the commission to accommodate all participants.

- COA #406 - 6 Ox Hill Road (Lefkowitz) - *Demolition, masonry, chimney*

Mark Lefkowitz stated the chimney of the 1930 carriage house is non-functioning and based on a conversation with the previous owner he believes it was added on in the 1960's. Mr. Lefkowitz stated the chimney was constructed to be used with an oil furnace that has been removed since the carriage house now utilizes a natural gas condensing furnace. His proposal is to remove the chimney and not replace it, but only repair the wall and roof surrounding it. Mr. Lefkowitz stated the non-functioning chimney is the source of significant leaking and water damage along with the fact the chimney is leaning and will likely come down on its own if not removed. Richard Guidebeck asked if the chimney had a special footing to which Mark Lefkowitz responded it was not and was built into the walkway. Timothy Dowhan asked what the treatment plan would be for the exposed natural gas PVC pipe once the chimney is removed. Mr. Lefkowitz stated he would paint it from the bright white existing color to a color that would blend with the

exterior of the home. Timothy Dowhan also inquired about the plans for replacing the shingles around the chimney to which Mark Lefkowitz responded he would repair using like-for-like material to blend with what is existing. Discussion ensued on if replacing the gutter abutting the chimney should be included in the COA or separated. It was decided to include the gutter repair in the COA. Mark Lefkowitz stated he would employ a company to construct a continuous extruded aluminum like-for-like gutter to use as a replacement.

Regan Miner closed the public hearing at 5:50 pm.

Regan Miner stated it came to her attention that there is a late 17<sup>th</sup>, early 18<sup>th</sup>, century home at 232 West Town Street located in the Bean Hill National Register Historic District whose owner applied for a demolition permit.
